Practical Information

ARRIVAL

Coming by plane Nikola Tesla, Belgrade airport is not big, so if you are arriving on international flights there is only one main exit terminal and exit gate. You cannot make a mistake. At main exit gate you can find taxi or bus service.

When you get to the Nikola Tesla Airport, you can get to the city of Belgrade by taking the public bus, the shuttle bus or taxi.

Just on the airport exit there is a Taxi information desk, where you can ask for the taxi voucher for the wanted destination and it's always at the fixed price. So, from the airport to the city center (Belgrade) the price is 1800 dinars (17 €).

You just have to say the address to the Taxi information desk officer, they will give you a voucher with fixed price and will accompany you right to the first available taxi driver and you are paying that amount when you get to the desired address.

Taxi drivers usually do not accept credit card payments, so have some cash with you. (small Euro notes or get dinars at ATMs or exchange office at Airport). Taxi service operates 24 hours a day, seven days a week, 365 days a year. Via these links you can arrange taxi to come and pick you up and see the prices before you go.

City buses are in blue colour and there are different lines that can take you to different locations of the Festival. www.gspns.co.rs/bus-maps

CITY OF NOVI SAD

Population: 380 000 / Postal code: 21000 / Area code(s) +381(0)21

Two hours are quite enough to walk through Novi Sad, but certainly not to enumerate all of which would be worth to see. Our city is the second largest in Serbia. Neither too small nor too big, or as we like to say - just right.

Famous for having the first samba bateria in the region and to be a place of birth of Suba a.k.a Rex Illusivi – one of the grate electronic samba music producers.

Bloggers on Serbia and ...rakija "While there (Ed. Serbia) I sampled the local plum brandy or Rakia. Very tasty and boy ohh boy is it strong. You'll see old men sitting with their coffee, newspaper and cigarette in the morning and downing shots of Rakia. It is more than just an alcohol it is a tradition. I can tell it comes in handy when in such a cold country because it instantly warms you up."
